

TELCON
Secy Laird
Mr. Kissinger
3-15-69 5:40 PM

K said he just talked to President and he would like to order this thing. L said fine. K said we are assuming that you are also in favor of it and L said yes. K said when I talked to Buz earlier there were two possibilities: one, only a breakfast plan and the other one to split forces for target. K said to lay on both and we will decide tomorrow which to execute. L said they could do it. K said the President may want to have a meeting between L, K and Bill tomorrow afternoon and Pres is counting on L to be firm at that meeting. L said he does not have to worry about that, he will be firm. L said his office signal will know where to reach him tomorrow. K said not to change anything - should follow normal activities. K said there is to be no public comment at all from anyone at any level either complaining or threatening - an order is coming over on this. L said very good. K said to lay on above for Monday afternoon our time, Tuesday morning their time. L said he would.
